

City of Rushford Village Spring Road Tour

May 5, 2018 5:00 P.M.

Present Mayor Gordon Johnson, Dennis Overland, Mike Ebner, Chad Rasmussen, Rich Smith, Travis Scheck, Judy Graham & Hamilton Petersen.

3 sites were looked at on Aspen, all on the East side, all being washes. Leave brush that is now there. 2nd stop past Fox had walk through culvert completely open. 3rd close to Lukkeson is a wash, group felt large material followed by dirt should hold all 3 spots. Use material from shale pit and at maintenance building. 4th stop on Aspen was in the dip and all felt no real change in 10 years.

Main street to Plummer looked at many of the cracks from 2016 road project and discussed water runoff from South Main directly into Williams front yard and under their deck, need a lip or ditch. New road did not tilt to east side.

Whitmore, need to do something with Harrison house.

Benson Lane need road description and financing for eventual bridge.
